

## Communities of Faith, Knowledge, and Service

The theme for the National Catholic Schools Week 2017 is "Catholic Schools: Communities of Faith, Knowledge and Service." Schools typically celebrate Catholic Schools Week with Masses, open houses and other activities for students, families, parishioners, and the community at large. The theme encompasses several concepts that are at the heart of a Catholic education. First, schools are communities - small families in their own right, but also members of the larger community of home, church, city and nation. Faith, knowledge and service are three measures by which Catholic school can and should be judged. The logo features a swirl of colors interacting around a cross, which is at the center of all Catholic education. The vibrancy of all the colors and the movement and shadows in the logo portray the inner-connectivity and community life that are present in our Catholic schools.
